PARENT'S TALK

Mr.Kashivishwanatha

Hello everyone,

I am Kashivishwanatha, serving as an assistant teacher in mathematics. My daughter Kum.Shraddha is studying 1st grade in Shree Shivashantaveer Public School.

Education is playing an important role in present competitive era. Every citizen likes to have good education. Every parent is pond over to find good educational institution. They wish to give good education to their children as it is their responsibility. I have high expectations on the future of my daughter. I desire to give good education to her. I worried more about her education during the covid-19 days because primary education gives the solid foundation.

While searching the best educational institution I found Shree Shivashantaveer Public School. In this school we have lot of supportive atmosphere for learning. When physical classes were not allowed during covid-19 pandemic online classes were of great help to the students. In online classes teachers were really done their best. The way of teaching, individual care, convincing the concepts are really good.

I have visited school and saw that there is lot of discipline .Teaching of teachers is excellent and they also give proper advice and moral support. As a result of this attitude of my daughter has changed a lot in the home. In addition CC Activities gives to the children are knowledge based and also increases the creativity of children. Some times for activities conducted for parents also, this is also good for healthy atmosphere. on special occasion, they are sending information of special days, like birth anniversaries, celebrations, it gives knowledge for students as well as parents also.

I thank everyone for allowing me to share my experience about the school.

Thank You.
