### 5. PARENT'S TALK

Hi all,

I am Dr Preeti mother of Miss. Pranamy studying in Class 2. We took admission for class first last year, when we transferred from Himachal Pradesh to Karnataka. As usual, I was also very anxious about Pranamy school, admission and study. Before coming to Koppal we had lot of discussion with my friends at Koppal and result was confusion again. After coming here, I visited many of schools and gathered information. We finally decided and took admission in Shivshantaveer public school. Pranamy was in CBSE school and it was Hindi medium. I was bit worried about language. Because of lockdown school started with Online classes, but one week of online classes Pranamy was very much comfortable and enjoying. I opine that child has to enjoy the subject and teacher is the one who makes the child to love the subject by proper guidance and explanation. She is being questioned in each class for which she is very happy to answer. All teachers address each student by his or her name which makes lot of impact for being known by the teachers.

Teachers all are caring and concerned about each and every child.

I am very happy and feel safe for my child at this school.

Regards  
Dr Preeti
